## Software Developer

### ABOUT ME

Energetic, hard-working and resilient. Lover of books, science, puzzles, art and video games. I attended school for massage therapy, radiology technology and physical therapy. I spent many years working in the health field only to realize I wanted to do something else with my life. It wasn't until a friend suggested I look into programming that I really felt I found what I was meant to do for the rest of my life.

### EDUCATION

2012 - 2016 • **University of Tennessee at Chattanooga**  
BS in Exercise Science

August 2019 - present • **Nashville Software School**  
Full stack web-developer
